

#OFS2024

Key questions

Why is it important to visit a farm?
How are farmers caring for nature on their farms?
What stories can the farmer tell me about their farm?

Introduction

Open Farm Sunday, 9th June 2024 is farming's annual open day giving visitors the opportunity to learn more about farming and the countryside, and farmers the chance to talk about what they're so proud of: British food and farming!

Instructions

Ask pupils to identify a local farm hosting a OFS event you could visit? Reflect on the key questions you have explored this week and prepare questions you want to ask the farmer when you visit their farm to learn more about their responsibilities and future plans to continue producing food.

You could also...

Watch the OFS video and create a word cloud of reasons why it might be important to visit a farm and not just learn about farming in the classroom.
